# AN IMPORTANT MESSAGE to you -- having a small family

## KEYSTONE BAKERY, INC. WHOLESALE BAKERS YOUNGSTOWN, OHIO

Dear Madam:

Because your family is small you are faced with a number of food problems among which is how to always have and serve fresh bread.

That's why we believe you will be interested in learning about our amazing new machine that automatically takes a full loaf of bread, slices it, divides it into halves, wraps and seals each half separately in plain wax paper to keep it fresh longer, and then rewraps the two sealed halves into one package which looks like a single loaf. In addition this wonderful machine inserts a red zipper tape starting at the center of the loaf on the bottom at the end of the wrapping paper ... Just sip it open and you find the two separately wrapped half loaves.

What does this mean to you? It means you can always have fresh bread if you buy this amazing new loaf because you open only the half you want to serve immediately—the other half which remains sealed you place in your refrigerator where it stays fresh until you are ready to serve it. It's ideal for your family ... Just wouldn't you like to try it? Just ask your grocer for KEYSTONE Twin-Pack BREAD.

Sincerely yours,

developments in Ohio during the past three or four days.

"The third district has always treated me pretty well," he said. The district reaches to within a few miles of his home city of Cincinnati. Stassen, he said, failed to "make any issues that justifies his endorsement over me" in his trip here last week.

Stassen does not plan to return to Ohio until the eve of the May 4 primary.

Addressing a rally in suburban Cleveland Heights, Taft last night described Stassen's housing plan as "another case of Stassen not knowing what he is talking about."

"He wants the federal government to spend a billion dollars a year to go into business in the construction of homes," the senator added. "This would kill the incentive of private builders who would be unable to compete with the government. It's another case of Stassen not knowing what he is talking about."

At Washington, Rep. George Bender (R-Ohio) predicted "next Tuesday's primary will show the Republicans of Ohio are solidly behind their able Senator Robert Taft."

pretty good to me," he said. "I felt that if I could do something, I'd like to do it."

His army service as production "trouble shooter" won him the Distinguished Service medal and an Oakleaf cluster for "brilliant accomplishments."

"By his foresight and ability, he has not only saved this country millions of dollars, but by expediting production of critical weapons he has saved countless American lives," his citation read.

After the war he returned to General Motors briefly in an advisory capacity. Later he became chairman of the Rupp Corporation, a former automobile concern that converted to the production of automobile parts and equipments.

Knudsen's body will lie in state at the W. R. Hamilton funeral home through Wednesday. Final rites will be held at 10 a. m. Thursday at the Peiphany Lutheran church.

## Court Order Restores Warren Firemen to Jobs

WARREN, April 27—Two Warren firemen returned to their jobs in the department today.

Stark County Common Pleas Judge Walter N. Graham yesterday ordered Warren's service-safety director, Walter Pestrak, to restore the two to their positions in the department.

Judge Graham sat in Warren on special assignment several weeks ago in the hearing of mandamus suits filed by the men to compel Pestrak to put them back to work.

The order also means that the city must pay the men all the money they would have earned had they been working from March 16, the day on which they were ousted by Pestrak.

## Blasts Wallace Party

NEW YORK, April 27—Leon Henderson says Henry A. Wallace's third party "is a hideous masquerade that just barely conceals the awful police state intentions that are underneath the cloak."

"The principal supporters of a party like that would be those same people who have blown hot and cold with the Russian line," the national chairman of Americans for Democratic Action and former OPA administrator said last night.

## LETTERS TO THE EDITOR

### Urges Support For Taft

Editor, The News:  
As a native son of the Eighteenth Ohio, who remembers that it gave him plenty of votes—though not quite enough—when twice he ran in a district congressional primary, I write on behalf of the presidential candidacy of Robert A. Taft, Ohio's own candidate and my personal friend.

Columbiana is my home county, and in both my candidacies I carried it, though by rather small margins. I am eager to have it do a lot better by Bob Taft.

This letter would be easier to write but for the fact that I am an associate editor of the Cincinnati Times-Star which is owned by the Pressons and nephews of the late President Taft and his brother Charles P. That means nothing to me, I am writing without their knowledge or consent. Usually on the paper, and always outside, its men write what they please. My two claims to the attention of your readers are: (1) That I happen to know Bob Taft very well, and (2) that this letter is written from the only great city which—thanks to him—returned Republican majorities through all the years of the Roosevelt storm.

I consider Senator Taft the ablest man in public life in my own time, and the squarer, and there's no discounting his courage. For proof, I cite the Democratic minorities in the present Congress. They believe in him, admire him, and on major matters many—sometimes most—vote with him.

What right has Harold Stassen earned to bid for the endorsement of the Eighteenth Ohio? He was a good governor of Minnesota and has a creditable war record in the Navy's service. But with the war ended he has refrained from risking his political future by entering the Senate, or by taking any part in the government of the country. Meanwhile Taft, Vandenberg and Dewey—good men, all of them—have been bearing the burden and heat of the day.

Mr. Stassen is definitely committed to the Taft-Hartley Labor act. Why, then, does he seek for delegates only in Ohio's industrial section, stronghold of the unions which the act is designed to regulate for the general good? Martha Taft has asked that question. So do I.

CLARK B. FIRESTONE.

Editor, The News:

Since our city council has imposed Daylight Saving time upon us I wonder how many people are enjoying it?

In the large cities the people have a chance to vote, but for some reason—perhaps—has taken this right from those in Salem.

When I say fear I mean that council is afraid that if the people had anything to say about it the measure wouldn't pass.

PAUL CHRISTOPHER.

Editor's Note: A referendum by the people has no legal binding on any legislative body in a matter such as a time change. Youngstown's vote on May 4 will have no legal effect on the ordinance establishing Daylight Saving time there.

Very large lot located on East State Street well out from business section. It has a frontage of 151.5 feet and depth of over 500 feet. This is a new listing and is well worth your inspection at \$4,700.

We have frontage for sale on Route 14 east of Salem less than one mile from city limits. These tracts have good depth and are various sizes and prices depending on your choice. The prices range from slightly less than five dollars per front foot up to ten dollars per front foot and all tracts represent sound value in spite of today's inflated prices. For more details and specifications you need only to call us.

Two unusually fine parcels located on Goshen Road about half a mile from city limits. These tracts are 100x300 each and require no grading or filling. This is a restricted area where you can be sure of your investment in a good home will be protected in the future. Children are hauled to Salem schools. Price \$1,000 per tract.

With today's rapid expansion of building, most good lots are being bought up, especially inside the city limits. Anyone who contemplates a new home in the next few years should purchase a location now to be sure of getting what he wants, rather than what is left at the time he builds.

# Salem Night Relays Records Appear Secure

## Need Statistician To Tally Up Tribe's Count

### Harrison Dillard's Marks In Hurdle Events Supreme; Field To Be About Average

The high standard of most of the records in the Salem Night Relays makes it a difficult proposition for athletes to set new ones. This year is no exception, with few if any high school thinclads on the scene that could smash any of the existing marks.

Perhaps the only boy who might add his name to the list of record holders is J. V. Clifford, Canton McKinley's stellar dashman. The Negro flash has broken 10 seconds (the relay mark) in the 100-yard dash, and may do it again Saturday night. Also, the 220 standard of 22.7 is not out of Clifford's reach.

However, the competition at the Night relay revival Saturday should be fierce enough to satisfy even the most hardened track enthusiast. An entry field of 25 schools is expected by Meet Manager Fred E. Cope.

The preliminaries of the meet will begin at 2 p. m., following a 1:30 coaches meeting. The latter affair is held to thrash out all the tiny details that go into making the meet a success.

Finals will start promptly at 7:30 p. m. with the 120 yard high hurdles. Both weight events will be completed in the afternoon.

Two marks on the relay slate that shouldn't be threatened are in the hurdle events. Both are held by the "greatest hurdler in the world", Harrison Dillard of Baldwin-Wallace, formerly of Cleveland East Tech High. He shares the high barrier record with Jackson of Cleveland East Tech. The time is 15.2 seconds.

Dillard set the record in 1941, with Jackson tying it a year later. The ebony flash's low hurdle mark of 24.4 is almost unapproachable for a high school lad. It too, was set in '41.

The oldest record on the list is naturally a good one. It is held by Wright of Cleveland Lincoln, who ran the 440 in 50.8 back in 1933.

Jim Callista of Erie Strong Vincent has his name on the two sprint records, with times of 19 flat for the 100 and 22.7 for the 200. Dave Trepanier of Akron Garfield shares the century mark, while Bob Bach of Warren and Don Chestnutwood of Fremont Ross have a leg on the 230 mark.

### TED HUGE LEADING PGA QUALIFIER IN SUB-PAR BRACKET

Hits 75-68-143 To Step Into Front of Ohio Tourney Field

(By Associated Press) Lanky Ted Huge, co-owner of Cleveland's University Heights Golf course, was the only Ohioan to beat par yesterday in the PGA tourney qualifiers.

Huge won the Northern Ohio qualifier at Cleveland with a one-under-par 75-68-143.

The southern qualifier at Springfield was captured by Veteran Ock Willowett, of Dayton, who had a two-under-par 74-72-146. Willowett competed unattached.

The five other Ohio qualifying spots to the national tourney went to the Veteran Tony Penna, unattached, of Cincinnati; Clay Gaddie, of Cincinnati; Maketwah; Ralph Bond of Cleveland Lyndhurst; Joe Novick, a Cleveland driving range instructor, and Ed Garfield of Lyndhurst.

Huge's 68 in the final 18 at Cleveland was the day's best 18-hole effort. Gaddie took nine-hole honors with a last-nine 33 at Springfield, but still fell two strokes short of Willowett's 36-hole total. Gaddie had a 75-73-148. The other qualifier at Springfield—Penna—shot a 78-74-152.

At Cleveland, Bond was around in 73-71-144, even par; Novick had 75-70-145; and Garfield 73-72-147. Bond and Garfield are co-owners of Lyndhurst.

Scores at Springfield included Don Stemple of Lancaster: 79-76-155. Verl Stinecomb of Portsmouth 77-80-157, and Elmer Harbert of Hamilton 82-76-160.

### Change Game Time

The exhibition basketball game between the Melody Cleaners and the Salem Amvets will be played at 9 tonight, instead of the time previously announced.

The prelim tilt, featuring the Saxons and Romanians, will be staged at the Memorial building at 8 p. m.

### Seven Homers, 11 Hurlers, 14 Innings, 37 Hits Just Part of Indians' 5th Win

CHICAGO, April 27—The Cleveland Indians are looking for a statistician today as well as for another starting pitcher.

When the final count of yesterday's wild affair against the White Sox in Chicago was completed, the tally read:

Twenty-three runs. Thirty-seven hits. Eleven pitchers. Fourteen innings. Seven home runs. A million thrills, chills and laughs.

The nice thing about it all, as far as Cleveland fans are concerned, is that the Tribe finally came out on top, 12-11, after four hours and 14 minutes of baseball that has few parallels.

Manager Lou Boudreau, First Baseman Eddie Robinson, Relief Pitcher Russ Christopher and Bob Feller, Third Baseman Ken Keltner and Right Fielder Larry Doby shared the major share of Cleveland honors in the victory.

For the White Sox, Tony Lupien, Cass Michaels, Dave Philley and Earl Caldwell receive an "A" for effort.

Don Black started the extravaganza for the Tribe but was yanked in the third after the Sox had batted across a total of five runs, including four-basers by Lupien and Michaels. Les Webber took over and was promptly greeted by another round-tripper by Philley with one man aboard.

The Indians had pushed across two runs in the first and second innings and one in the third, with Doby's homer the loud blow.

In the fourth, the Indians, who have now won five straight to tie a Cleveland record of five victories in the first five games set back in 1923, pushed across three more when Boudreau tripled. Robinson slammed the first of his two homers and Keltner followed with another.

The undaunted Sox jumped right back into the lead in their half of the inning with two more runs that chased Webber and brought in Bob Kennedy, rookie left-hander, to put a temporary stop to the attack.

The Indians tied it up again in the fifth when Boudreau tripled again with Doby on base. The ace shortstop-manager collected a total of five hits in six trips to the plate.

Fans are welcomed at the practice session.

### TRIBE CELEBRATES BUT STILL NEEDS 3RD TOP PITCHER

Homer-Hitting Spree Puts Keltner On Top Both Loops; Robby Gets 2

(By Associated Press)

CHICAGO, April 27—The Cleveland Indians, still looking for a third topflight starting pitcher, had cause for a celebration today in the homer-hitting rampage which has carried them through five straight victories.

Eddie Robinson capped a four-hour slugfest with the Chicago White Sox yesterday by blasting his second circuit clout in the 14th frame to give the rallying Redskins a 12-11 triumph, which retained their standing as the major leagues' only undefeated club.

Ken Keltner, leading both leagues in the home run department, also contributed his fifth round tripper and Larry Doby cracked his second as the Tribe took the top spot in the slugging bracket with 12 homers in five games.

The usual riddle of who would pitch for the Indians after Bob Feller and Bob Lemon, remained unanswered, however, as Rapid Robert was forced to stroll from the bullpen to save the game in the dramatic 14th inning. He was the last of seven Tribe hurlers.

Taking the mound with Chicago's tying and winning runs on base and nobody out, Feller struck out two Chicks with just-handle curves and forced the third fly out and ended the marathon.

Russ Christopher, making his second superlative relief performance in as many days, was credited with the victory when he hurled five scoreless innings before retiring in the 14th.

Manager Lou Boudreau muscled into the slugging spotlight with five hits in six trips, including two triples and two doubles, driving in four runs and scoring two. Boudreau slammed in the two tying runs in the ninth with a long double after Dale Mitchell singled and Thurman Tucker walked.

By FRITZ HOWELL

Ohio Associated Press Sports Writer

Nine Ohio high school seniors received invitations Saturday to play on an All-Star basketball team against Kentucky's All-Star outfit, June 25 at Bowling Green, Ky.

Paul Walker, coach of Middletown's 1947 state champions, is in charge of the Buckeye boys who will appear at the Western Kentucky Teachers' college clinic.

The players selected by Walker are: Shelby Linville, George McChesney and Rod Adkins of Middletown; Jim Holstein and Norm Grevey of Hamilton Catholic; Al Steegman of Findlay; Bob Payer of Salem; Glen Hursey, Glenford's three-time All-Ohio luminary, and Dick Retherford, six-foot seven inch Newark, center.

Linville and Steegman were members of the Class A All-Ohio team this year, and Payer was a second-team choice for the second straight season.

Alternate choices will be contracted, Walker said, should any of the boys reject the invitation for the All-Star positions. The Kentucky aggregation will play an All-Star Indiana team at Indianapolis the week before clashing with the Ohioans, at the Kentucky clinic.

The night after the clinic game, the Kentucky and Ohio squads will journey to Middletown, where they will stage another contest, June 26, in the middle gym.

Walker said the Ohio squad would meet in Middletown June 21, practice one day and then move to the Western Kentucky campus for a week's visit and pre-game workouts.

All expenses for the boys will be paid, and the All-Stars will be permitted to keep the special uniforms and shoes to be purchased for the contests.

"There has been a lot of talk about the respective caliber of Kentucky, Indiana and Ohio scholastic basketball," Walker said. "With Kentucky playing Indiana, and Ohio playing Kentucky twice, we should be able to get a pretty good line on what's what."

Walker said he would try to teach his All-Stars his pet defense for the game with Kentucky. His defense, he declares, "is a transitional stratified man-to-man with a shifting zone principle." If those kids can learn that in a week, they're really All-Stars.

Lakers To Practice

The Althouse Dodge Placencia baseball team will practice at 3 p. m. Wednesday and Friday of this week and at 2 p. m. Sunday at the lake diamond, it was announced today.

## The Nation Today

BY JAMES MARLOW

WASHINGTON, April 27 — The battle of the fats—butter and margarine—is coming to a head.

Butter is made of animal fats—cream from cows.

Margarine is made of vegetable fats—oil from soy beans, cottonseed, peanuts.

For years the dairy farmers and the butter-makers have had an advantage over the growers of vegetable fats.

How? By blocking any attempt in congress to knock off the special federal taxes and fees for making or selling margarine.

Above all they've fought against letting margarine be sold in yellow cake-like butter—without some special tax or label.

Some of the details in this fight will be given tomorrow, but here is a little congress background.

About 18 bills were introduced in the house this year to wipe out the margarine fees or taxes.

In March the house agriculture committee for days held hearings on these bills, listening to a stream of witnesses.

Most of the witnesses were on the side of margarine. They included spokesmen for retail grocers, educators, hospitals, a veterans group, labor organizations, college women and consumers.

But when the hearings were all over, the members of the committee voted — 16 to 10—to sit on the bill. Which meant the full house would not get a chance to vote on that.

Then some margarine-minded congressmen got up a petition in the house to drag the bills away from the committee.

To make such a petition work, they needed the signatures of 218 congressmen, or just more than one-half of the 435 members. Finally they got the 218. That was the signal for the full house to act.

So yesterday the full house voted — 335 to 121—to force at least one of the bills out of the committee to the floor where the whole house could debate and vote on it.

THIS BILL would wipe out all federal taxes and fees on margarine.

After a couple of days of argument the house will vote. This is expected tomorrow. The house is almost sure to pass it, although some changes may be made in the bill.

All this will mean nothing at all unless the senate later on also votes for such a bill and President Truman signs it into law.

At least one representative of Truman has told congress he's for such a bill. But—

It's not certain the senate will go along with the house or even consider the bill this year. If it doesn't that ends it. And the taxes and fees will stay on margarine unchanged.

But even if both houses act and such a bill becomes law, margarine will still be at a disadvantage in many places.

Many states have special taxes of their own on margarine—and a new federal law would not change them — and 32 states won't let colored margarine be sold at all.

Made From Synthetic vanilla and synthetic essence of violet perfume are made with phosphoric gas. The same gas was used in attacks during World War I.

## Modern Atlas

This moving man is carrying the Earth, but just a replica thereof. It's the globe that's one of the prize possessions of Gen. Dwight Eisenhower, and it's being moved into his new home in New York. General Eisenhower takes over as president of Columbia University in June.

### Fire Hits Cincinnati

CINCINNATI, April 27—A two-alarm fire in the downtown Cambridge building caused damage estimated at \$200,000 last night. Six firemen were treated for smoke sickness and another suffered a lacerated hand.

### Ex-Sheriff Dies

CHARDON, April 27 — Homer J. Ballard, 70, former Geauga county sheriff, died at his home yesterday after a long illness.
